Signature Enzyme Facial Treatment: 50 minutes **\$95**

Customized, anti-aging facial treatment includes skin analysis, cleansing, exfoliating Enzyme treatment under steam, facial massage, hand/forearm massage, nourishing face mask, and use of Medical Grade serums and skincare products.

Add-ons:

Dermaplane \$20 • High Frequency \$15 • Extractions \$15

Signature Facial Treatment plus AHA Peel: 50 minutes **\$125**

Includes the Signature Facial Enzyme Treatment and either Glycolic Acid or Lactic Acid Peel. These acids act as chemical exfoliates. They dissolve the inter-cellular bonds (the bonds between your skin cells) and facilitate the natural shedding process of your skin, helping you get rid of the dead skin cells easily, revealing softer, smoother, and brighter skin with less down-time.

Package of 3 Treatments (total due during 1st treatment): **\$325**

Dermaplane Only: 30 minutes **\$50**

Includes cleansing, Dermaplane, toning, serum and SPF application.

AHA Peel Only: 20 minutes **\$50**

Includes Cleansing, Glycolic or Lactic Acid Peel, toning & SPF application.

Microneedling **\$249**

Microneedling is a non-surgical skin rejuvenation treatment that promotes your body's natural collagen production and cellular turnover through your body's wound healing processes. Microneedling is ideal for treating acne scarring, fine lines/wrinkles, large pores, uneven texture and sagging skin. A series of 3-6 treatments spaced 4-6 weeks apart is ideal for optimal results. Some conditions such as deep wrinkles, stretch marks and acne scars may need 6-8 treatments spaced further apart.

Package of 3 Treatments (total due during 1st treatment): **\$650**

Permanent Makeup Services

Microblading: **\$249**

Microblading, Combo Brows, Powder Brows or Ombré Brows offered.

Touch-up: **\$80**

Performed 6-8 weeks after initial procedure.

Yearly Touch-up: **\$175**

Performed 12-18 months following previous touch-up procedure. For returning clients only.

Saline Removal:

A product called Li-Ft Pigment Lightening solution is used to lighten and/or remove ink from within the skin with the use of natural salt and fruit seed extracts. Lindsey offers emergency removal (within 48 hours of an unwanted procedure), Microblading and eyebrow tattoo removal, and removal for tattoos 2x2" and under. This process can take anywhere from 2-6 treatments for desired results, and each treatment must be spaced 8 weeks apart.

Emergency Pigment Removal (within 48 hours): **\$100-\$150**

Microblading & Brow Tattoo Removal (per session): **\$150**

Body Tattoo Removal under 2x2 inches: **\$100-\$200**
